

Issue: Email Software Issue for User USER_5675

Incident INC0010002 reports a software-related issue concerning email services for user USER_5675. The incident was opened on 2025-09-26 04:19:26 with a priority of 4 (low), urgency 3, and impact 2. Currently, there are no specific details provided in the description field regarding the exact nature of the email problem, such as error messages, symptoms, or specific functionalities affected. The incident is currently in state 1 (New) and has been reassigned 2 times. Further investigation is required to diagnose the root cause and provide a resolution.

Steps to Resolve:

- Verify incident details and confirm affected services.
- Check server/network logs for errors.
- Review recent changes or deployments.
- Attempt to reproduce in test environment.
- Check hardware and connectivity.
- Run diagnostics (ping, traceroute, netstat).
- Validate firewall and routing policies.
- Apply safe temporary mitigation.
- Update stakeholders and plan next steps.
- Perform root cause analysis and prevention plan.
